"CALL FOR HELP" COSTY TO THE CITY

Baltimore Asked to Settle for that "Needless Alarm."

District Electrical Inspector James C. Simpson, aided by the Baltimore detective force, is exarching for the intoxicated person who Monday aftermon sent the false alarm from the Monumental City requesting the aid of local suparatus in fighting a \$50.00 binus. Chief Wagner is indignant over the slarm being sounded. Commission Johnston yeaterday sent a letter to the Baltimore authorities, making it plain that the National Capital expects the Monumental City to repay the municipality for

more authorities, inning it plain that the Nathinal Capital expects the Monumental City to repay the municipality for the expense to which it was subjected by the medicas alarm.

The first requires for engines came over the trisphine shoul 120 o'clock. The number of the person at the Bultimure end that the properties of the country of the person at the Bultimure could be comedited as accompliance of the person of accordated. GUARDING WATER TRAFFIC.

Data Furnished by the Federa Steamboat Inspectors

Steamboat Inspectors.

There were only of accidents, in which but 302 lives were lost, cet of 314,518,888 passengers carried, during the year ended June 30 last, on the steam vessels required by law to report the number of passengers to Supervising Inspector Genuired by law to report the number of passengers to Supervising Inspector Genuired by the Steamboat Inspection Service. Department of Commerce and Labor. Of the whole number lost, 113 were from accidents incident to the perils of navigation and 48 were from subside and other causes beyond the power of the service to avert; leaving 211 which can be charged fairly in accident, collision, or foundering. This means that 80,301 passengers were carried for each life lost, whether of passengers or crew, and from all causes.

of passetigers or crew, and from all causes.

During the year considerable work was done in connection with motor vessels, as a connection with motor vessels, as a connection with the description of operators for motor vessels carrying passetigers; and it is stated that the provisions of the said of Congress approved June 3, 1918, the second of the control of Congress approved June 3, 1918, the provisions of the said of Congress approved June 3, 1918, the second droubt one of the cleverest children known than before with the result that has even appeared on the local behavior of the law provisions of the cleverest children than ever before, and less more theoreugh than ever before, and less more requiring yeasels of a certain tonnage to submit blue prints showing their construction and other information of value to the inspectors is answering a long-felt need.
